# FACTORY TECHNICAL BULLETIN

## SUBJECT: New Drain Valve

ATTN: Service Technicians, Sales Staff, Purchasers

BULLETIN #: 2018-02 | DATE: Jan 15, 2018

Due to the manufacturer discontinuing the previous version, Beachcomber has started using a new and improved drain valve on the 2018 U serial number hot tubs.

### This new valve part # 3090408 offers the following benefits:

- Easy opening and closing T handle
- Unionized connection to tub for easy field replacement
- 100% seal ball valve style
- Retrofittable to existing tubs with old style.

CLOSED

OPEN

UNION CONNECTION

### HOW TO:

#### RETROFIT TO EXISTING TUB

Glue a section of  $\frac{3}{4}$ " vinyl onto the valve barbs, and then glue the valve adapter into the 1" flex hose on the tub.

Should you have any suggestions or questions, please contact the Technical Department to let us know.
